# Pencil Arts

A close-up photograph of a person's face, focusing on the eyes and nose area. The makeup is highly detailed and colorful, featuring a base of light beige or tan paint. Around the right eye, there is a prominent design using thick, dark blue and white brushstrokes to create a textured, layered look. The bridge of the nose has a similar blue and white pattern. The overall style is artistic and expressive.

# Face Arts & Paintings

A vibrant, abstract painting featuring a complex interplay of colors including orange, yellow, pink, purple, blue, and teal. The brushwork is expressive, with visible thick paint strokes and some cracking, particularly on the left side. The overall composition is dynamic and energetic.
